After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: This is a restricted postal label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

Revere Smelting & Refining Corporation

Information required by 40 CFR part 262.56(a)

EPA identification number, name and mailing address of exporter:

NYD030485288
Revere Smelting & Refining Corporation
65 Ballard Road
Middletown, NY 10941

Calendar Year Covered by Report:

2011

Consignee:

Stablex Canada
760 Boul. Industrial
Blainville, PQ J7C 3V4

Waste Description:

Waste Refractory Brick, RQ Hazardous Waste, Solid,
N.O.S. Class 9, NA3077, Packing group III, D007, D008

Transporter:

Transport Rollex LTEE
910 BLVD Lionel Boulet
Varennes, PQ J3X 1P7

Total weight shipped:

547.66 Tons

Number of shipments:

27

Enclosed find the completed information, describing quantities of waste generated and waste reduction activities.

Revere has achieved the maximum reduction possible for this waste stream (waste refractory brick). As stated in the attached table, the quantity of used refractory brick generated depends on furnace operating conditions, quality of bricks received, preventive maintenance and extent of furnace rebuilds that are conducted during the course of the year.

Revere continues to monitor new technologies for economically feasible alternatives for eliminating all wastes handled at its facility.
